

Camila

Senior Estimator – Infrastructure & Construction

Sorocaba, Brazil

Accomplished estimating expert with 15+ years in civil construction, optimizing costs across global markets. Delivered precision budget insights in the infrastructure, healthcare, and commercial sectors.

SKILLS & LANGUAGES

Skills: First Principle Estimating; Quantity Take-off; Bill of Quantities (BOQ) Preparation; Cost Estimating; Cost Consulting; AutoCAD; Project Documentation; Civil Construction; Budget Management; Tender Document Preparation; Project Management; Infrastructure Projects **Languages:** Portuguese (Native)

PROFESSIONAL EXPERIENCE

VIAARQ – Arquitetura Viável — Sorocaba, Brazil

Jan 2015 – Present

Quantity Surveyor / Architect - Co-owner

- Led comprehensive analysis of tendering documents for numerous civil construction projects, ensuring complete alignment with client requirements and industry standards.
- Developed first principle estimates for construction projects across various sectors, emphasizing accuracy and strategic financial forecasting within budget constraints.
- Prepared detailed BOQs and tender documents, enhancing project bidding success by integrating comprehensive risk assessments and cost evaluations.
- Conducted extensive quantity take-offs for diverse civil projects, accurately estimating materials for foundational to interior design components.
- Navigated complex assessments of additional costs due to design variations, leading to optimized project budgets and strategic realignments.
- Managed documentation for approval and regularization of residential building projects, ensuring regulatory compliance and project timeline adherence.
- Executed precise quantity take-offs and cost assessments for monumental projects including the LDS Brazil Temple Complexes.
- Secured construction project approvals for high-rise buildings with Caixa Econômica Federal Bank, integrating budget preparation and construction standards.
- Facilitated strategic supplier quotes and cost consulting, ensuring all MEP installations met financial and technical specifications.
- Spearheaded project follow-ups to ensure adherence to budget adjustments, integrating emergent construction methodologies.

Civil Infrastructure Group — Greater Melbourne, Australia

Mar 2021 – May 2024

Senior Estimator / Quantity Surveyor

- Conducted rigorous tender analysis and preliminary budgeting, instrumental in securing major infrastructure projects with precise scope assessments.
- Prepared comprehensive BOQs and submission documents for infrastructure projects, featuring meticulous cost breakdowns and strategic pricing models.
- Delivered detailed estimates for complex civil works, including earthworks and drainage, ensuring alignment with client specifications and project constraints.
- Developed strategic change proposals for construction methods, optimizing budgets and aligning with client financial goals.
- Led cost analysis and consulting efforts, collaborating with suppliers to identify savings and ensure material availability for crucial project timelines.
- Generated programs and schedules for construction works, maximizing resource efficiency and improving project timelines.
- Facilitated the understanding of scope and construction changes with contractors, reinforcing communication and problem-solving methodologies.

- Provided cost consulting and detailed estimating for complex infrastructure projects like the West Gate Tunnel Project, integrating multidisciplinary engineering facets.

Somague MPH — Sao Paulo, Brazil

Nov 2012 – Dec 2014

Quantity Surveyor / Intermediate Estimator

- Analyzed tender documents and scope of work, aligning projects with architectural and engineering precision for optimal budgeting.
- Facilitated scope clarifications and design follow-ups with architects and engineers at tender stages, ensuring robust project foundations.
- Managed the preparation of BOQs and tender documents, delivering on-point commercial and technical proposals with advanced construction methods.
- Collaborated with site teams for awarded project implementations, optimizing team understanding and execution strategies.
- Assisted in client dispute resolution processes, facilitating amicable outcomes through strategic analysis and negotiation.

EDUCATION

Orange International College — Diploma of Building and Construction (Building), Melbourne, Australia, 2021

Mackenzie Presbyterian University — Bachelor's Degree in Architecture and Urbanism, Sao Paulo, Brazil, 2009

Member of CAU BR - Brazilian Council of Architecture

Columbia University (Coursera) — Construction Management Specialization, Online, 2025

ADDITIONAL EXPERIENCE

Involved in landmark projects including LDS Temple Complexes and high-rise residential structures for various global construction firms.
