

Camila
Senior Estimator – Construction & Infrastructure
Brazil

Highly skilled in Quantity Surveying and Project Management with substantial impact in civil construction projects, delivering budget optimization across multiple sectors.

SKILLS

Skills: First Principle Estimating; Quantity Take-off; Bill of Quantities (BOQ) Preparation; Cost Estimating; Cost Consulting; AutoCAD; Project Documentation; Civil Construction; Budget Management; Tender Document Preparation; Project Management; Infrastructure Projects

VIAARQ – Arquitetura Viável — Brazil

Jan 2015 – Mar 2021

Quantity Surveyor / Architect - Co-owner

- Analyzed comprehensive tendering documents for various projects, including civil construction and real estate developments, ensuring alignment with definitive design specifications.
- Utilized First Principle estimating to achieve in-depth cost analysis, resulting in accurate project cost assessments.
- Prepared detailed Bill of Quantities (BOQ) and tender documents for multifaceted construction activities, achieving a 97% accuracy rate in cost predictions.
- Conducted cost estimating and negotiated with suppliers for MEP installations, achieving cost reductions of up to 18%. 18% cost reductions
- Assessed additional costs driven by design variations, minimizing unexpected expenditures by 12% on existing projects. 12% reduction in unexpected costs
- Led preparation of final detailed BOQs for large-scale temple complexes, ensuring comprehensive documentation of architectural and structural elements.
- Initiated and submitted documentation for project approvals, achieving 100% compliance with regulatory standards. 100% regulatory compliance

Civil Infrastructure Group — VIC

Mar 2021 – May 2024

Senior Estimator / Quantity Surveyor

- Conducted in-depth tender analysis for infrastructure projects, identifying potential cost-saving opportunities during the conceptual stage.
- Developed preliminary budgets based on draft designs for Tender Opening Committee, reducing discrepancies in budget forecasts by 15%. 15% reduction in budget discrepancies
- Managed the preparation of detailed BOQs encompassing all project components, ensuring comprehensive financial planning and monitoring.
- Facilitated cost consulting with a focus on supplier engagements, resulting in consistent project cost alignment.
- Proposed alternative construction methodologies to meet budgetary constraints, saving an average of 13% per project. 13% average savings
- Coordinated with contractors for scope clarification, maintaining clear communication and delivering projects within budget expectations.
- Supported successful award of key infrastructure contracts totaling \$30.0M, contributing as a strategic financial advisor. \$30.0M in contracts

Somague MPH — Brazil

Nov 2012 – Dec 2014

Quantity Surveyor / Intermediate Estimator

- Reviewed tendering documentation extensively for diverse construction proposals, ensuring precise scope definition and cost alignment.
- Prepared comprehensive BOQ and strategic tender proposals, driving successful project bids and securing high-profile contracts.

EDUCATION

Orange International College — Australia

Diploma of Building and Construction, 2021

Mackenzie Presbyterian University — Brazil

Architecture and Urbanism, 2009

Columbia University — Online

Construction Management Specialization, 2025

Coursera

ADDITIONAL EXPERIENCE

- Certified by CAU BR and AIQS member since December 2023. Completed Autodesk Revit certifications and specialized courses in construction management.
