PROFESSIONAL EXPERIENCE

VIAARQ – Arquitetura Viável (CMS Novaes Orcamentos e Desenhos Técnicos Ltda ME) Jan 2015 – Mar 2021 / Jun 2024 –
— Sorocaba, Brazil Current

Quantity Surveyor / Architect - Co-owner

- Conducted in-depth analysis of tendering documents and executed first principle estimating, resulting in accurate project bidding.
- Prepared detailed Bill of Quantities (BOQ) for diverse civil projects, including residential, commercial, and religious sites, enhancing bid quality and approval rates.
- Managed and assessed design variations, aligning project costs with budgets through strategic cost management techniques.
- Facilitated cost estimating and created commercial offers, ensuring competitive pricing and maximizing profit margins.
- Oversaw the follow-up of project development, ensuring continuous budget adjustments and adherence to financial constraints.
- Implemented technical drawings for compliance with construction standards, significantly optimizing project timelines and reducing errors.
- Collaborated with major construction companies, enhancing scope clarity and fostering successful project execution.
- Responsible for estimation and execution of awarded projects like LDS Fortaleza, Rio, Belém, Brasília Brazil Temple Complex, with specific attention to detail.
- Conducted quantity take-offs for sophisticated architectural and civil works, including significant projects like Cultura Inglesa and Paraisópolis Child Care.
- Led a team of expert estimators and surveyors, enhancing team efficiency and project output through effective leadership and strategic planning.

Civil Infrastructure Group — Greater Melbourne Area, VIC, Australia

Mar 2021 – May 2024

Senior Estimator / Quantity Surveyor

- Analyzed scope and budgeted for tender openings, ensuring optimal bidding strategies for infrastructure projects.
- Prepared detailed BOQs including all materials, labor, and equipment, resulting in comprehensive and actionable submission documents.
- Executed cost consulting and estimation in complex civil projects, accurately assessing cost impacts of design variations.
- Pioneered innovative cost-saving construction methods to align project costs with client budgets, optimizing resource allocation.
- Managed the entire tendering process for major projects, securing contracts for works valued at AUD 50M+.
- Conducted detailed design analyses and provided budget adjustments to maximize project financial performance.
- Facilitated project documentation and compliance, ensuring seamless transition from tender acceptance to project execution.

Somague MPH — Sao Paulo, Brazil

Nov 2012 – Dec 2014

Quantity Surveyor / Intermediate Estimator

- Analyzed complex tendering documents and coordinated scope negotiations to ensure precise project execution.
- Prepared comprehensive BOQs and executed tender documents, resulting in successful acquisition of high-value contracts.

- Coordinated with multi-disciplinary teams to ensure project cost controls aligned with financial forecasts and client specifications.
- Led cost estimating and budget management for high-profile projects, exceeding client expectations in cost efficiency.
- Developed and managed final account preparations, enhancing project closure processes and client satisfaction.

Trisul-SA — Sao Paulo, Brazil

Sep 2011 – Sep 2012

Quantity Surveyor / Intermediate Estimator

- Executed quantity take-off for extensive civil projects, ensuring precise and actionable project planning.
- Prepared detailed BOQs and cost estimates, leading to the successful financial modeling and feasibility of prospective projects.
- Collaborated on financial document preparation for high-rise residential buildings, facilitating critical bank financing procedures.

MV Escritório de Projetos Ltda. — São Paulo, Brazil

Apr 2011 – Sep 2011

Architect / Intermediate Quantity Surveyor

- Conducted feasibility cost studies for logistical warehouse projects, supporting financial planning with precise cost assessments.
- Developed comprehensive program schedules and financial programs for construction building projects, aligning with industry trends.
- Facilitated project design follow-ups ensuring architectural and engineering project compliance with original design intentions.

Afonso França Engenharia Ltda. — Sao Paulo, Brazil

Mar 2008 – Mar 2011

Quantity Surveyor / Junior Estimator

- Managed on-site quantity take-offs and project compatibility at IGESP Hospital, ensuring cost-effective project execution.
- Coordinated tendering processes and prepared BOQs for architectural and engineering projects, strengthening bid proposals.
- Facilitated successful project adjustments and dispute resolutions at Shopping Metr pole expansion, maintaining integrity and budget alignment.
