### PROFESSIONAL EXPERIENCE

**VIAARQ – Arquitetura Viável** — Brazil

Jan 2015 – Current

#### *Quantity Surveyor / Architect - Co-owner*

- Conducted thorough analysis of tendering documents and executed precise first principle estimating resulting in successful project bids.
- Prepared comprehensive Bill of Quantities and tender documents, ensuring clarity and precision in commercial offers.
- Executed meticulous quantity take-off encompassing architectural, structural, and engineering projects, from civil works to specialized installations.
- Managed cost estimating processes, engaging with suppliers to ascertain accurate budgeting and cost consulting.
- Prepared initial program and detailed final accounts ensuring effective budget control and project delivery alignment with financial goals.
- Led documentation processes for residential project approvals ensuring regulatory compliance and project viability.
- Supervised the estimation and measurement of materials for major LDS temple projects across Brazil, ensuring a detailed and accurate take-off.

**Civil Infrastructure Group** — Australia

Mar 2021 – May 2024

#### *Senior Estimator / Quantity Surveyor*

- Executed comprehensive tender analysis and preliminary budgeting for large-scale infrastructure projects with meticulous attention to detail.
- Developed integrated BOQs and submission documents, including complex infrastructure and civil drawings analysis, ensuring all project stages accurately reflected construction demands.
- Coordinated supplier consulting and cost estimation, driving substantial savings and securing favorable terms.
- Facilitated initial program scheduling and comprehensive cost comparisons, ensuring seamless transitions from planning to execution phases.
- Innovated construction methods with contractors to adhere to budget constraints, while maintaining project integrity.
- Managed quantities take-off and preparing final detailed BOQs for awarded projects including comprehensive cost consulting and technical documentation.
- Drafted and revised scope clarifications in collaboration with builders, ensuring all parties maintained clear communication for project success.

### EDUCATION

**Orange International College** — Australia

Diploma of Building and Construction, 2021

**Mackenzie Presbyterian University** — Brazil

Architecture and Urbanism, 2009

### ADDITIONAL EXPERIENCE

Member of the Brazilian Council of Architecture and Urbanism (CAU BR) since 2011 and Member of AIQS since December 2023.
