

Camila

Senior Estimator – Construction & Infrastructure

Brazil

Senior Construction Estimator with 15+ (~\$15 USD) years in diverse projects.

Expert in cost estimating and project management, delivering robust budgets for infrastructure developments.

SKILLS & LANGUAGES

Skills: First Principle Estimating; Quantity Take-off; Bill of Quantities (BOQ) Preparation; Cost Estimating; Cost Consulting; AutoCAD; Project Documentation; Civil Construction; Budget Management; Tender Document Preparation; Project Management; Infrastructure Projects **Languages:** Portuguese (Native)

PROFESSIONAL EXPERIENCE

VIAARQ – Arquitetura Viável — Brazil

Jan 2015 – Mar 2021 / Jun 2024 – Present

Quantity Surveyor / Architect - Co-owner

- Provided comprehensive quantity surveying services to civil construction and real estate developers, focusing on rigorous analysis of tendering documents and precision in first principle estimating.
- Prepared detailed and accurate Bill of Quantities (BOQ), ensuring comprehensive tender documents and commercial offers for various civil projects.
- Executed quantity take-off for various phases including foundations, architectural, structural, and interior design through meticulous assessment.
- Managed preparation of final detailed BOQ and comprehensive final accounts, ensuring financial reconciliation and project transparency.
- Supervised projects from design to execution, adjusting budgets and ensuring adherence to financial forecasts during project evolutions.
- Developed critical project documentation for residential projects, ensuring compliance and approval from regulatory authorities.
- Managed successful partnerships with construction companies like Afonso França Engenharia for landmark projects such as the LDS Temple Complexes across Brazil.

Civil Infrastructure Group — VIC

Mar 2021 – May 2024

Senior Estimator / Quantity Surveyor

- Analyzed tender documents and developed preliminary budgets for the Tender Opening Committee (TOC).
- Prepared comprehensive Bill of Quantities for infrastructure projects, integrating thorough cost control strategies.
- Conducted exhaustive quantity take-offs and cost consulting with suppliers, optimizing the cost efficiency of project execution.
- Drafted initial schedule and program of works, presenting proposals to mitigate budget discrepancies through innovative construction methodologies.
- Collaborated with contractors to clarify and refine the scope of work, enhancing project timelines and cost-efficiency.

Somague MPH — Brazil

Nov 2012 – Dec 2014

Quantity Surveyor / Intermediate Estimator

- Executed detailed analysis of tender documents and scope for complex architectural and engineering projects.
- Developed Bill of Quantities, ensuring alignment with technical and commercial requirements.
- Collaborated with site team for financial and project execution clarity ahead of complex builds.

EDUCATION

Orange International College — VIC, Australia

Diploma of Building and Construction, 2021

Mackenzie Presbyterian University — SP, Brazil

ADDITIONAL EXPERIENCE

Complementary courses in Construction Management from Columbia University and specialized Autodesk software trainings.
Member of the Brazilian Council of Architecture and Urbanism (CAU BR).
