

Camila

Senior Construction Estimator – Civil & Infrastructure

Sorocaba, Brazil

Experienced Construction Estimator specializing in complex projects.
Proven track record driving cost-effective builds across diverse sectors.

SKILLS & LANGUAGES

Skills: First Principle Estimating; Quantity Take-off; Bill of Quantities (BOQ) Preparation; Cost Estimating; Cost Consulting; AutoCAD; Project Documentation; Civil Construction; Budget Management; Tender Document Preparation; Project Management; Infrastructure Projects **Languages:** Portuguese (Native)

PROFESSIONAL EXPERIENCE

VIAARQ — Sorocaba, Brazil

Jan 2015 – Mar 2021

Quantity Surveyor / Architect - Co-owner

- Executed comprehensive analysis and estimation for extensive civil and architecture projects, including complex hospital and temple design evaluations and adjustments to bolster cost-efficiency and adherence to budget constraints.
- Prepared accurate and detailed Bill of Quantities (BOQ) and tender documentation catering to diverse constructions such as residential, commercial, and religious structures with particular focus on cost-effectiveness and resource allocation.
- Facilitated the tendering process to secure large-scale projects, ensuring all bid documents surpassed industry standards, contributing to a high success rate in bidding and project acquisition.
- Conducted detailed quantity take-offs for diverse civil components ensuring precision and compliance with international building standards.
- Managed design variation assessments and subsequent cost adjustments to maintain budget integrity across various construction phases.
- Directed documentation and approval processes for regulatory compliance, significantly reducing approval times for residential building projects.
- Supported real estate developments with robust cost estimation and consultancy services ensuring financial feasibility and strategic project execution.

Civil Infrastructure Group — Greater Melbourne Area, VIC

Mar 2021 – May 2024

Senior Estimator / Quantity Surveyor

- Developed and refined extensive Bill of Quantities for complex civil infrastructure projects, including terminal stations and major rail projects, enhancing tender accuracy and project feasibility.
- Orchestrated initial budgeting based on comprehensive draft drawings, contributing to successful cost mitigation and adherence during initial project phases.
- Led vendor and subcontractor negotiations, securing advantageous terms that favored project and client needs, while ensuring quality standards remained uncompromised.
- Implemented an advanced comparative cost analysis between initial designs and IFC stages to ensure cost adherence and financial accountability.
- Pioneered scope clarifications and construction method revisions, ensuring comprehensive understanding and strategic improvements for cost reduction.
- Facilitated successful project handovers, ensuring all financial documentation and BOQs were precise and reflective of executed works and adjustments.

Somague MPH — Sao Paulo, Brazil

Nov 2012 – Dec 2014

Quantity Surveyor / Intermediate Estimator

- Managed comprehensive tender analyses and estimations across substantial multi-million-dollar commercial projects, enhancing client proposals with detailed and accurate financial allocations.
- Conducted and synthesized complex design and scope clarifications, contributing to more informed financial decision-making and cost-efficient project outcomes.

- Prepared and evaluated final BOQ and cost tracking documents for awarded jobs, promoting enhanced financial transparency and resource allocation insights.
- Drafted contractual documents and designed construction site layouts, aligning with organizational goals and promoting seamless operational frameworks.

Trisul-SA — Sao Paulo, Brazil

Sep 2011 – Sep 2012

Quantity Surveyor / Intermediate Estimator

- Performed rigorous quantity take-offs and cost consultations, ensuring coherence between initial and final design projects to support strategic financial planning.
- Collaborated on feasibility studies and financial documentation for significant residential projects, enhancing funding acquisition success rates from financial institutions.

MV Escritório de Projetos Ltda. — Sao Paulo, Brazil

Apr 2011 – Sep 2011

Architect / Intermediate Quantity Surveyor

- Prepared feasibility studies and cost estimations for warehouse projects, delivering strategic insights for effective budget execution.

Afonso França Engenharia Ltda. — Sao Paulo, Brazil

Mar 2008 – Mar 2011

Quantity Surveyor / Junior Estimator

- Managed on-site quantity surveying and estimations for substantial healthcare and commercial projects, ensuring alignment with established budgetary constraints and stakeholder objectives.
- Orchestrated tender analysis and architectural/interface project cost estimations, highlighting critical financial elements for decision makers.
- Led cost management processes, project compatibility assessments, and procurement advisory services, aligning operational executions with economic forecasts.

EDUCATION

Orange International College — Diploma of Building and Construction (Building), Melbourne, Australia, 2021

Mackenzie Presbyterian University — Bachelor's Degree in Architecture and Urbanism, Sao Paulo, Brazil, 2009

CAU BR and AIQS membership

ADDITIONAL EXPERIENCE

Specialized in Autodesk Revit and Navisworks with over 150 hours of accredited training.
